

A Simple Guide to Reading 'e'books with Scholastic Reading Pro

While we are learning at home you can help your child chose interesting, fun 'e'books to read, levelled for their reading ability using our brand new program called, **Scholastic Reading Pro Library**.

You will be able to use **Reading Pro Library** on most devices including iPad and Android Tablets, just **make sure you have allowed pop-ups** in your browser.

Here's how it works.

Select the link below or click on the link in the **Home Learning** section of the Pensans School website.

1. Login using your child's **Scholastic Reading Pro Library** username and password.

2. Select **Scholastic Reading Pro Library** just ignore any other buttons for now.

3. Select **Books** from the bar at the top of the page.

4. **Browse** the books or use the **search** options on the left side of the screen.

5. Make your selection by clicking the cover of the book and away you go. Try clicking the small 'i' in the bottom right corner of the book to find lots of information about the book. (You can also select the option of reading the book or taking a quiz from here.)

6. You can enjoy reading the book or listen to the book being read to you. Just select play at the bottom of the screen.

7. After why not take a fun quiz. You will be able to see how many words you have read!
