

Autumn Term

This term our topic is 'What changes?' We will be discussing how things are different now after Covid 19 and learning about personal hygiene and then move on to how things grow and change over Harvest and seasonal changes in Autumn.

We are always looking for parent helpers to support in the classroom. If you are interested in helping then please come and see Mrs Smith.

We are hoping to take the children on a trip to Trevaskis Farm if guidance allows. In the garden we will be growing our own vegetables to make soup and observe change.

Stories we will be listening to are:

Dirtie Bertie

While we can't hug

Oliver's vegetables

Zog

We're going on a leaf hunt

The lonely scarecrow

Pumpkin soup

The Enormous Turnip

Stickman

Christmas Nativity

Our final exhibition will be our Christmas Nativity on Friday 11th December.

A quick reminder:

- to share stories
- sing Nursery Rhymes/songs
- count objects and look for numbers in around you.
- talk to your child about our topic and what they may be able to bring in

Please can you make sure your child has a pair of wellington boots and an all in one waterproof at school. They need these to play as we go out in all weather!

Please come and talk to a member of the EYFS Team if you have any worries, concerns or queries. We are happy to help.
